USB Barcode Scanner--wired CCD barcode scanner YT-1001

Description

Wired CCD barcode scanner, barcode

reader YT-1001 is able to improve speed, accuracy and productivity.

The scan engine features no moving parts for years of reliable service reading popular 1D barcodes including UPC, EAN, ASCII, MSI/PLESSEY, GS1 DataBar and more.

Easy to implement and simple to use, a built-

in keyboard wedge decoder sends scanned data to an active application where it appears as if it were manually typed or directly keyed into the computer.

Its versatile switchable USB or RS232 cable interface integrates with most PCs without an ext ernal power supply. With a scan rate of 280 times per second and an accurate read range of up to 50 cm (20 in.), this model offers an effective and efficient, all-

purpose daily scanning solution for less demanding point-of-

sale, office and other low ambient light applications to minimize manual data entry, speed transactions and reduce errors.

Feature

The features and lower cost make this wired CCD Barcode Scanner the best solution for retail, medical and light industrial applications. Pick up one today!

The Yumite wired CCD barcode scanner, barcode reader delivers basic, highquality scanning for a wide range of data collection functions to help improve routine transact ions, automate paper-based processes and increase productivity.

Get superior optical performance with a minimum resolution and a maximum reading distanc e with this contact CCD barcode scanner. It features a rugged and reliable design and a plug and play USB interface. It's easy to setup and use.

Specification

		YT-1001	
Image Depth Filed		Performance Parameter Code 39(10nil,6by tes) 310nin	
Infrared induct		——————————————————————————————————————	
Optical Source		620nm Visible red light diode	
maging Sensor		CCD	
Image Resolution		2500Pixel	
Reading Precision Minimum Contrast		≥ 5mil	
Minimum Contrast		≥ 30%
